Profile

Software Engineer specializing in Full-Stack (ME[R-A]N/NestJS) and Cross-Platform (Flutter) development. Proven expertise in architecting scalable applications and designing robust, secure APIs to deliver seamless digital experiences.

Education

Military Technical College MSc Artificial Intelligence in Health Care	Feb 2026 – Present
Information Technology Institute (ITI) 9-Month Diploma, Mobile Applications Development (Cross Platform) – Smart Village	Oct 2025 – Present
Al-Azhar University Cairo Bachelor of Pharmacy (PharmD) Compulsory Pharmacy Internship Program	Sept 2019 – Jun 2024 Oct 2024 – Jun 2025

Skills

- **Languages:** JavaScript, TypeScript, Dart, C#, Python, C++ , SQL
- **Frontend & Mobile:** React, Angular, Flutter, Figma
- **Backend:** Node.js, Express.js, NestJS, FastAPI, .NET Core,
- **Databases & ORM:** Microsoft SQL Server, PostgreSQL, Prisma, Sequelize, MongoDB, Mongoose, Entity Framework Core
- **DevOps Tools:** Git, GitHub, Docker, Kubernetes
- **Security & Architecture:** OAuth 2.0, JWT, RESTful APIs, Microservices, OWASP

Freelance Experience

Ahdalbaraka Limited 	<i>Full-Stack Web Platform</i>
– Architected and developed the end-to-end full-stack solution using React, NestJS, Prisma ORM, and PostgreSQL.	
– Managed the complete deployment lifecycle, ensuring system scalability and robust data security for business operations.	

Projects

SocialApp (Full-Stack Social Media Platform) 	<i>Angular, Node.js, GraphQL, Redis</i>
– Developed a full-stack social media application, utilizing Apollo Server for robust GraphQL API queries and mutations.	
E-Commerce Mobile App 	<i>Flutter, Express.js, MongoDB</i>
– Built a cross-platform mobile application delivering a seamless shopping experience with state management.	
CS-Examination-System 	<i>C# WinForms, SQL, GitHub Actions</i>
– Engineered a comprehensive local examination management system, featuring secure user authentication and automated grading logic.	
Hotel Management System 	<i>C#, .NET, EF Core, SQL Server</i>
– Spearheaded the architectural migration and major refactoring of a legacy hotel management application from ADO.NET to Entity Framework Core.	

Additional Information

Military Status: Currently Serving (Expected completion: Jun 2027)
Languages: Arabic (Native), English (Fluent), German (Intermediate)
